Turkish Cultural Night Organized Successfully

On 18th of April, TUSAT performed its biggest event in the study year. Almost 150 participants welcomed with Turkish hospitality by 60% Turkish and 40% international guests.

The night started with delicious Turkish traditional cuisine, then Aegean region Anatolian folkloric group performed their dance. Afterwards, international participants also tried the folkloric dance in the workshop. Also, international participants had fun with the pop-quiz about Turkey and TUSAT. Additionally, guests enjoyed the Turkish music, danced with Turkish rhythms. Indeed all participants' dancing skills well beyond the expectations!!!

In short, Turkish cultural night reached its main aim, introducing the Turkish culture, traditions, music... Guests also get an idea about Turkish motives by the slight shows and photographs from all over the parts of Turkey.

As far as the feedbacks we get from the friends everybody was satisfied with the Turkish Night event.

Not only this, but also many international friends told us that they planned their summer vacation to Turkey after seeing the event.

As TUSAT board, we hoped that everybody had a great night. Of course, any criticisms are welcomed for the future better Turkish Nights. Please e-mail us through info@tusat.org for your suggestions.
